Product Ref: TIM6250TOOL  
for Tie Length 250mm and  
126-150mm cavity

# Ancon Super 7 Warm Roof Batten Fixings

## Alignment Tool

Product Ref: STH UNI TOOL

## Hand Tool

Product Ref: WRBFSPTOOL

## SDS Drive Tool

Product Ref: WRBFSDSTOOL

Leviat recommends use of the alignment tool to ensure the nail is centred on the counterbatten and installed perpendicularly to the rafter. It can also be used in conjunction with the hand or SDS drive tools if required.
