

Making construction simple

New

Nexus[®]
New lightweight brick faced soffit system

New

Teplo-BF
New installer-friendly Insulating Wall Tie

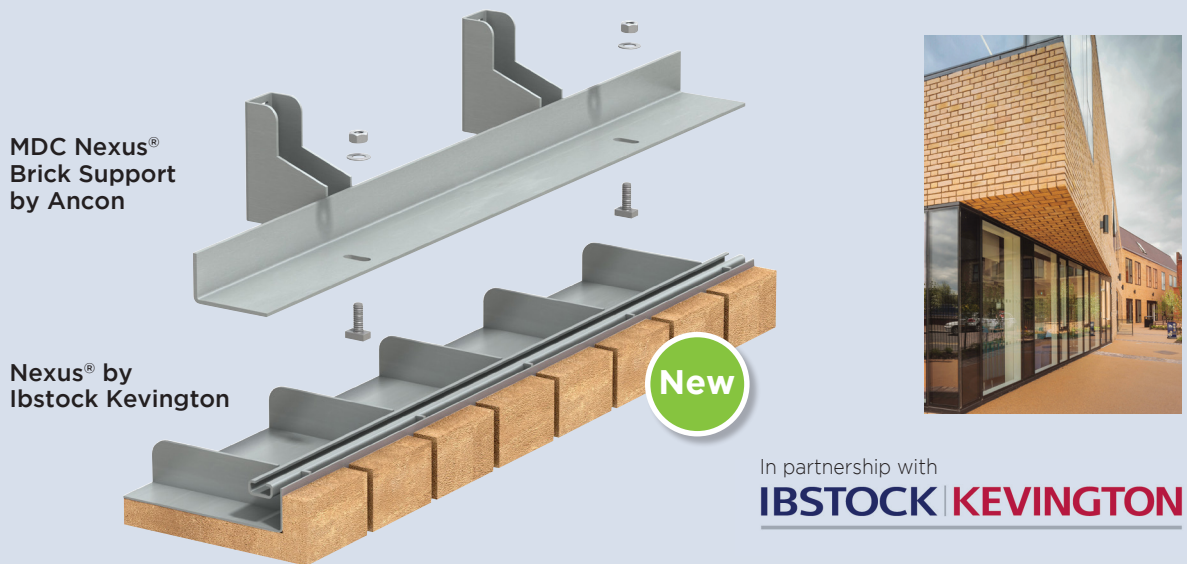

Your 2016 guide to Ancon @ Ecobuild

Ancon designs and manufactures high integrity structural fixings for the construction industry, supplying customers worldwide in a variety of sectors from small-scale residential developments to major infrastructure projects.

Next Generation Innovations

Nexus® New two-part brick faced soffit system

Steel-lined brick modules fix directly to Ancon brick support angles to provide a light attractive soffit, quickly and easily, with perfect alignment.

Masonry Support and Reinforcement Specialists

Available with thermal shims to minimise heat loss, Ancon masonry support solutions are manufactured to suit the masonry load and cavity width of your project.

Ancon windposts and bed joint reinforcement provide additional lateral support for panels of masonry.

Sustainability Focus

Insulating Wall Ties

Our low thermal conductivity wall ties reduce heat loss through masonry walls, minimising insulation depth and wall footprint.

Teplo Basalt-Fibre Ties

0.7
W/mK
Thermal
Conductivity

New

Teplo-BF

New moulded safety ends simplify installation and improve mortar bond by up to 80% over the original TeploTie.

Staifix Stainless Steel Wire Ties

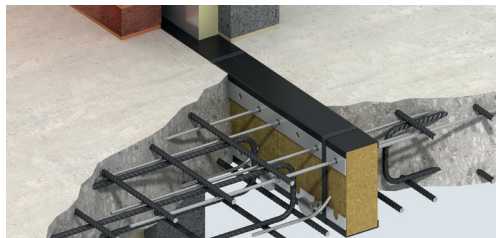

Staifix HRT4

Staifix RT2

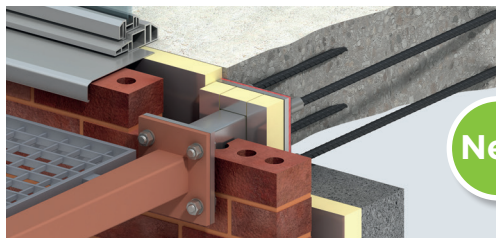

Insulated Balcony Connectors

Thermally efficient, high strength connectors minimise heat loss at balcony locations while maintaining structural integrity. Stainless steel (17W/mK) is 3x more thermally efficient than galvanised steel (50W/mK).

Isotec Concrete-to-Concrete Connector
Stainless Steel System

New

STC/SSTC Steel-to-Concrete Connector
Available in either galvanised or stainless steel

New

STS/SSTS Steel-to-Steel Connector
Available in either galvanised or stainless steel

CE Marking

Ancon products that fall under the EU Construction Products Regulation are CE Marked. Declarations of Performance are available at www.ancon.co.uk/ce.

Building Information Modelling

An online portfolio of BIM Objects is freely available to download from www.ancon.co.uk/BIM in five file formats including Revit and IFC.

Royal Recognition

In 2015, Ancon became a double Queen's Award for Enterprise winner, holding business accolades in Innovation and International Trade.

Wall Tie Selector App

Choosing the most appropriate cavity wall tie for your application is simple with the Ancon Wall Tie Product Selector App, available at the Apple App Store, Google Play or Amazon Appstore.

Technical Support

The Ancon technical team offers free advice on product selection, specification and installation to avoid site delays or remedial action.

Installation Videos

Product animations are available to provide guidance on the installation of Ancon's structural fixing solutions.
